1. School teams will contain 4 athletes working in 2 pairs.
2. Teams can be of any combination of boys and girls.
3. Separate competition for Year 3/4 and Year 5/6.
4. Both competitions will follow the same format.
5. Each team will have one map and one dibber (Sportident electronic timing chip).
6. From a massed start one pair per team sets off to visit one control point before returning to the start/finish location.
7. They hand their map and dibber to the other pair who then visit the next control point before returning to the start/finish location.
8. Pairs continue in this way until the team has visited all control points on their map. Only one pair in a team will visit each control point.
9. They must visit the control points in the order indicated on their map.
10. Each team will visit between 12 and 16 control points (this number will be the same for all teams and will be decided by the course planner)

11. When they have completed all control points they will dib at the finish control to record their time. They should then proceed to download where they will get their result.
